(ICCI - 2017)

Organized by
Department of Computer Science and Engineering
JNTUH College of Engineering
Hyderabad

25th - 27th September 2017

Venue
UGC ASC Auditorium
JNTU Hyderabad

In Association with CSI, Hyderabad Chapter,
Division V, Education and Research, CSI-INDIA
About JNTU
Situated in the heart of the city at Kukatpally, Hyderabad a major landmark- Jawaharlal Nehru Technological University, Hyderabad has an environment of academic excellence with ‘A’ Grade accreditation by NAAC (National Assessment and Accreditation Council). Bringing the spark of knowledge to young minds and instilling a new confidence and vigour to face the world, it is providing quality education for nearly 4 decades. The University is dedicated to provide for the advancement of learning and knowledge in Engineering & Technology, Physical and Social Sciences, both by teaching, and research.

About JNTUHCEH
The College was established as Nagarjuna Sagar Engineering College in 1965. With the formation of Jawaharlal Nehru Technological University on 2nd October 1972, it became a constituent college of the JNT University and was later renamed as JNTUH College of Engineering, Hyderabad. The college is offering technical education in major engineering fields and is sustaining, improving its repute of undergraduate programmes, expanding need based post graduate and research programmes with global outlook, synergizing teaching and research for social relevance.

About the Department
The Department of Computer Science and Engineering was initially a part of Electronics and Communication Engineering Department. In 1984 the Department started functioning as an independent Department to act as facilitator in the field of Computer Science and Engineering. From the past 3 decades the department is functioning with a vision to make the young students acquire the desired competencies in understanding and applying the nuances in the ever changing fields of computer science and turning them into qualified competent engineers. The Department has qualified staff committed in active research in various disciplines. The Department has well equipped laboratories to meet the state of art research in the present.

About the Conference
The second International Conference on Computational Intelligence and Informatics (ICCIII) is focused to promote recent advances and innovations in the disciplines of Computer Science and Information Technology. The Conference offers a real opportunity to bring together scientists of different disciplines, to discuss new issues, to tackle complex problems and to find advanced solutions breeding new trends in Computational Science. Conference will also provide a platform for research community and industry to share the recent developments, and to discuss about the discoveries in computational intelligence and informatics.

The Conference is Scheduled for 3 days during 25th to 27th September,2017. A Preconference workshop on “Data Analytics and Information Processing” is Scheduled on 25th May and Conference will be Conducted on 26th and 27th September, 2017.

Faculty, Researchers, Students and Employees from Industry are invited to attend the Workshop and Conference.
