

“Hi, I’m Yogesh Siddi, enrolled student of SCDE,JNTUH for the certification course AI&ML.

During the course, classes are well arranged, and the syllabus is well structured, assigned faculty has industrial experience and they have delivered the extensively knowledgeable content.

In my personnel experience I have got the best education, with the provided classes I have confidence that I can expertise the subject and it will help me to achieve my goals.”

Great teaching team, I had one of the best learning experience at JNTUH-SCDE.

The trainers are awesome.The course ware is comprehensive and has a variety of material like videos, PPTs and PDFs that are neatly organized. Besides, they make us do hands-on excersizes and project, making us gain in-depth knowledge of the concept. I strongly recommend others to join these courses at SCDE,JNTUH Certificate courses.
