D.O.Lr.No.TSCHE/Stat.cell/Haritha Haaram Prog./2017

dt: 10.07.2017

Dear Sir/Madam,

Sub:- TSCHE- Green Telangana Programme- Active Involvement of teachers and students in the Haritha Haaram Programme scheduled on 15.07.2017 in the Universities and colleges on large scale in the State- Reg.

Ref:- Govt. of Telangana Haritha Haaram Programme, 2017
-o0o-

You are aware that the Hon'ble Chief Minister, Govt. of Telangana is launching the Haritha Haaram Programme in a big way in the entire State shortly and is giving top priority to increase the green cover in the State to 33% by inviting voluntary initiatives from the university, colleges and all categories of people in the State.

In this context, I am to state that ample vacant land is available in the campus and we have adequate student force at our disposal to make this programme a successful one as this initiative helps to control the increasing pollution, enhance the rain fall and to drive out the drought condition in the State.

The Government is preparing to provide 42 crores of seedlings for planting as against the target of 40 crores during this year. Therefore, the universities and colleges may procure the required plants from the social forestry department, local body agencies and forest department nurseries to utilize for planting in this programme on a massive scale.

I also appreciate and advise the Vice-Chancellors and the Principals of the affiliated colleges in the State to plan on 15.07.2017 from 10AM to 5PM exclusively for the planting of saplings in their campuses in a big way. Further, they should also ensure protection of the saplings for proper growth with optimum utilization of the facilities available at your source.

I therefore, solicit your support in making the Haritha Haaram Programme in the Universities and colleges in the State on 15.07.2017 a grand success by a multi prolonged approach, as it will pave a way for better living of present and future generations in healthy and happy atmosphere.

With best regards,

Yours sincerely,

(Prof. T. Papi Reddy)

To
The Vice-Chancellors and Registrars of the Universities in the State.
