04-12-2017 to 08-12-2017

Organized by

JNT University Hyderabad
In association with

Venue

Class Room Complex
JNT University Hyderabad, Kukatpally, Hyderabad.

About Workshop

The workshop is intended to provide support for faculty who intend to teach the course in future. However teachers who agree to conduct a 5hr workshop after the training to students are also eligible to apply. Android Developer Fundamentals is an instructor-led course created `by the Google Developers Training team. Participants learn basic Android programming concepts and build a variety of apps, starting with Hello World and working their way up to apps that use content providers and loaders. The workshop is conducted by Instructors from Google.

Prerequisites

- Participant must have Java programming experience.

The course materials include:

- A practical workbook: Android Developer fundamentals Course—Practical
- A concept reference: Android Developer fundamentals Course—Concepts
- Slide decks (for optional use by instructors)
- The entire ADF repository including lesson plan, videos of lectures, home assignments and practical is available here:
    - https://developers.google.com/training/courses/android-fundamentals
    - https://docs.google.com/document/d/1bRy-9YtcY3sHtEGxkyp5YLF9oEVupH94HNiQ6GjvZzM/edit
