5th NATIONAL CONFERENCE
On
WATER, ENVIRONMENT & SOCIETY
(NCWES - 2018)

4-6 June 2018
at Hyderabad, India

Organized by
CENTRE FOR WATER RESOURCES
INSTITUTE OF SCIENCE AND TECHNOLOGY
JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD
Kukatpally, Hyderabad -500 085

About JNTUH, Hyderabad Jawaharlal Nehru Technological University (JNTU) was established in the year 1972 by the Government of Andhra Pradesh, India, with the primary objective of imparting high quality technical education and promoting applied research and consultancy. JNTU is one of the premier organizations in the country offering technological education. The university was divided into four universities in the year 2008 and now it is renamed as JNTUH at Kukatpally, Hyderabad. Apart from its four prestigious colleges at Hyderabad, Jagityal, Manthini and Sultanpur and more than 400 Engineering colleges are affiliated to J N T U Hyderabad.

About Centre For Water Resources The Centre for Water Resources (CWR), a constituent unit of IST, JNTU Hyderabad was established in the year 1984 by the University, and celebrated its silver jubilee during the academic year 2009-2010. It is the first of its kind in the Deccan Plateau of India to cater to the dire needs of manpower development in the problematic and thrust areas of water resources and their management. Since then, the Centre has completed several prestigious National and International research projects besides conducting a number of short- term courses, National and International conferences and consultancy assignments. In addition, the Centre is offering Master's and Doctoral Programmes in the field of Water and Environment. At present, the centre is funded by World Bank under TEQIP-II programme by Government of India. The centre is also recognized by Central Public Health and Environmental Engineering Organization, New Delhi.

Rain Water Harvesting System at JNTUH In its efforts towards sustainability, Centre for Water Resources of IST, JNTU Hyderabad has established a robust Rainwater Harvesting Systems in the campus. So far the Institute could establish a capability to harvest around 10 crore liters of rainwater every year. Dr.M.V.S.S.Giridhar championed the cause of Water Conservation and Awareness as Principal Investigator of Rainwater harvesting initiative in JNTUH. He has organized various Workshops, Conferences & Awareness programs across wide spectrum of stakeholders and has successfully completed numerous research works in the area of water resources. The present conference is also a step forward in nurturing research ideas in field of water resources and promoting its prominence in present society.
