With reference to the subject cited above, it is to bring to your kind notice that NSS Cell of Jawaharlal Nehru Technological University Hyderabad has more than 15,000 NSS Volunteers spread across all the districts of Telangana State. These volunteers are well trained and highly committed for the community service. NSS has always been in the forefront to serve the community.

By the direction of Honourable Vice Chancellor of JNTUH, it is informed that all the Principals of Colleges concerned under the jurisdiction of JNTUH should provide the list of NSS volunteers and other students who have enrolled with the Red Cross Society. I also request all the Principals to encourage the students of your college to donate Blood to the District Red Cross Society, which will be useful to the needy people like Thalassaemia and COVID-19 patients of Telangana and India.

Our JNTUH volunteers can assist both Government and Non-Governmental Organizations in crowd management, system work, door to door awareness etc. Further, our NSS volunteers will definitely be able to handle and extend their support in the district. Utilization of our volunteer services would surely help the district administration to combat the COVID-19 pandemic. So, I request you to depute the NSS Volunteers and other students of your college to help the Society at their respective district of Telangana and India.

In this connection, all the Principals / Programme Officers of NSS Units under JNTUH should enrol your college and the students as members of Youth Red Cross in Indian Red Cross Society. Those who have not enrolled with the Red Cross Society, they are requested to enrol with the Red Cross Society immediately. After the completion of enrolment of students and college with the Red Cross Society, you are requested to forward the same to JNTUH NSS Cell, Kukatpally, Hyderabad.
