REGISTRAR

Lr. No. AA/DAP/JNTUH/R25 B.Tech. Syllabus/Feedback/2026

Date: 12.10.2026

To

The Principals,

Autonomous and Non-Autonomous Affiliated Colleges under JNTUH.

Dear Sir/Madam,

Subject: Review of R25 B.Tech. III & IV Years Course Structure and Syllabus – Request for Branch-wise and Subject-wise Feedback/Suggestions – Reg.

Ref: Note Orders of the Hon'ble Vice-Chancellor, dated 09.10.2026.

It is proposed to convene Joint Board of Studies meetings of the University in November 2026 for the revision of course structure and finalization of course contents of R25 B.Tech. III & IV years. The III & IV years R25 B.Tech. Course Structure was already made available on the JNTUH website. You are requested to review this Course Structure and furnish your branch-wise feedback/suggestions related to sequencing of courses, addition of new courses and omission of existing courses, listed as core, professional elective and open elective courses.

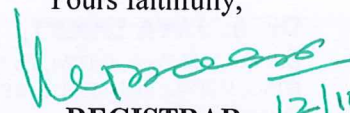

You are requested to verify the syllabi under R22 Regulations corresponding to the course titles available in III & IV years of B.Tech. R25 regulations. We propose to treat the syllabi of courses in R22 regulations as base for review and incorporate necessary corrections in it based on the inputs we receive.

While providing the feedback/suggestions, the colleges are requested to give due consideration to the rapidly changing technological landscape, emerging technologies, evolving industry requirements, and the gaps arising out of these developments in the existing JNTUH Curriculum. Suggestions may specifically focus on the emerging areas and technologies, course structure, learning outcomes, course contents, and any modifications considered necessary to make the curriculum contemporary and industry-relevant.

The branch-wise feedback/suggestions may kindly be submitted through email to dap@jntuh.ac.in on or before 24th October 2026 (Saturday). The feedback and suggestions received from the colleges will be referred to the respective Boards of Studies and finalize the R25 B.Tech. Course Structure and Syllabus of III & IV years.

Your cooperation and valuable academic inputs in this important curriculum revision exercise are highly appreciated.

Yours faithfully,

REGISTRAR 12/10/26
