REGISTRAR**

Lr. No. JNTUH/DAAF/A3/723/MoU/NAC/23

Date.06.07.2023

To
The Director (WRDI),
National Academy of Construction,
NAC Campus, Kothaguda (Post), Cyberabad, Hyderabad – 500 084.

Sub: JNTUH – DAAF – Acceptance for the invitation of the workshop - NAC is organizing Industry Institution Interaction Program at NAC, Hyderabad on 28.07.2023 – Reg.

Ref: 1. The MoU was extended on 28.04.2022.

2. Lr. No. NAC/PG/2022-23/JNTUH/250, dated. 19.06.2023 of the Director General, NAC, Hyderabad.

3. Note orders of the Vice-Chancellor dated. 28.06.2023.

--*

Vide reference (2) cited above, the Director General, National Academy of Construction (NAC), Hyderabad has proposed to conduct one day Workshop on “**Industry Institution Interaction**” program at NAC Campus in Collaboration with JNTUH, Hyderabad. In this regard, NAC requests JNTUH to be Co-Partner for the above program.

The objective of the Workshop is to invite members from various Industry Organizations viz., Builders Association of India (BAI), Contractors Development Institute (CDI), CREDAI, IGBC Academicians and Industry Experts as “Panel Members” to discuss the following topics:

1. The Skill Set expectations by the Industry from Civil Engineering/Construction engineering fraternity.
2. Perceptions of Academicians in educating or Skilling the Civil Engineering students to meet Industry requirement.

In view of the above, the Hon’ble Vice-Chancellor has given the acceptance for the above-mentioned workshop on 28.07.2023 for “**Industry Institution Interaction**” program at NAC Campus, Hyderabad. Further, it is to inform that the Hon’ble Vice-Chancellor as a Chief Guest and Registrar as a Guest Honor will attend for the above program.

Hence, the Principals and Head of the Departments (HoDs) of Civil Engineering of all Affiliated Colleges, JNTUH are requested to participate in the above-mentioned workshop on **28.07.2023** at NAC, Hyderabad to have meaningful deliberation which can help the Civil Engineering students.

PA to Vice-Chancellor and Registrar, JNTUH,
The Principals of the all Affiliated Colleges of JNTUH.

One Day Workshop on “Industry Institution Interaction- Construction Sector”

28th July 2023

Overview

The global construction industry poised to reach a staggering \$10 trillion by 2030, faces a pressing challenge @ shortage of skilled Civil engineers and Managers. In India alone, where the Construction market is expected to hit \$1.4 trillion by 2025, the demand for skilled professionals like Civil Engineers and Managers is enormous. However, the existing University System and the overall Construction industry is struggling to attract talented individuals to this sector resulting in severe repercussions for productivity in Infrastructure projects as a whole.

Dwindling number of Civil engineering graduates and potential Students reluctance to join Civil Engineering stream can be attributed to the challenging work environment and relatively low entry-level salaries compared to IT and other Sectors. Experts warn tough times ahead for the construction industry if this trend continues.

To address the above challenges NAC and JNTUH jointly conducting a Workshop on “**Industry Institution Interaction-Construction Sector**” on **Friday 28th July 2023**.

The objective of the Workshop is to invite members from various Industry Organizations viz. **Builders Association of India (BAI), Contractors Development Institute (CDI), CREDAI, IGBC, Academicians and Industry Experts** as “**Panel Members**” to discuss the following topics

1. The Skill Set expectations by the Industry from Civil Engineering/Construction engineering fraternity.
2. Perceptions of Academicians in educating or Skilling the Civil Engineering students to meet Industry requirement.
3. Intervention for Industry and Academia to induct Gen Z into Civil Engineering Education.

The Sr. Executives from Construction Industry, Principals, Heads of Civil Engineering Departments of Premier Engineering Colleges are invited to participate in the Workshop.

Venue: NAC Auditorium, NAC Campus, Hyderabad.

Date: 28.07.2023

Timings : 10.00AM – 2.00PM
