From the Desk of Director of Evaluation

Dear Colleagues,

“The conduct of the Convocation is always a special event for the Examination Branch, even though it takes place every year. This year, we made a resolution to dispatch all the original degree certificates on the same day of the convocation to the respective residential addresses of the graduates. It was an amazing endeavor, fully utilizing software automation. The excellent coordination among the SDC team, Results Processing Section, and Dispatch Section, along with the support of the entire workforce of the Examination Branch, made this achievement possible. This practice is the first of its kind in the University. The separation of answer booklet bundling and evaluation activities, as well as the reforms in the bundling process, have greatly enhanced transparency in the evaluation system. This step forward ensures that the evaluation system is free from any suspicion. Furthermore, we repurposed one lakh notebooks from the returned unused student answer booklets and distributed them to underprivileged students in society. This waste-to-value initiative has garnered significant appreciation for the Examination Branch from the higher authorities of the University and society as a whole. We achieved this without hiring external resources, but rather by motivating the staff and utilizing their time and human resources effectively”.

**– Dr. V. Kamakshi Prasad
Director of Evaluation**

1. Introduction

The conduct of examinations, declaration of results and issuing of certificates are the important activities of the University. The Examination Section is the backbone of the University. It is of paramount importance that the examinations are conducted with most precision, fairness and objectivity to gain public credibility and esteem. In order to achieve this, all rules and procedures relating to the examinations should be so well delineated as to leave nothing to chance and assumption.

The present 'Examination System' aims at guiding the effective, efficient and lawful conduct of University Examinations comprising, Under Graduate (UG) and Post Graduate (PG) programmes and Doctor of Philosophy (Ph.D) programme. It also defines the roles and responsibilities of the people involved, protocols, procedures to be followed and various steps that have to be taken at all the levels associated with the conduct of the examinations under JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD. All the Forms/Proforma for use in the examination process/ system and documentation have been drawn out in standardized formats. Measures to curb unfair and malpractices have also been listed along with the penalty and punishments.

Vision

Evolve as a futuristic Examination system to ensure critical evaluation of large number of students with precision and integrity to gain public credibility and esteem.

Mission

1. Providing quick and accurate online services for students through Exam portal.
2. Identifying experienced subject experts for setting of question papers to evaluate higher order thinking skills of students.
3. Conduct the examinations as per the University norms to leave nothing to chance and assumption.
4. Complete the Evaluation and publish results in time according to the Time line.
5. Address students, college's queries and grievances immediately.

2. Innovative practices

2.1. Dispatch of Original Certificates

This year, we made a resolution to dispatch all the original degree certificates on the same day of the convocation to the respective residential addresses of the graduates. It was an amazing endeavor, fully utilizing software automation. The excellent coordination among the SDC team, Results Processing Section, and Dispatch Section, along with the support of the entire workforce of the Examination Branch, made this achievement possible. This practice is the first of its kind in the University.

2.2. Improving Transparency in the Evaluation System

The separation of answer booklet bundling and evaluation activities, as well as the reforms in the bundling process, have greatly enhanced transparency in the evaluation system. This step forward ensures that the evaluation system is free from any suspicion.

2.3. Notebooks preparation and distribution to under privileged students from unused answer booklets

Further more, we repurposed one lakh notebooks from the returned unused student answer booklets and distributed them to under privileged students in society. This waste-to-value initiative has garnered significant appreciation for the Examination Branch from the higher authorities of the University and society as a whole.
