From the Desk of
Director of University Examinations

Dear Sir/Madam

"As the Director of University Examinations, I would like to extend my warmest greetings for the newsletter of 2022-23. The Directorate of University Examinations, JNTUH plays a crucial role in ensuring that the academic process runs smoothly and efficiently, and we are committed to maintain the highest standards of academic integrity. Our goal is to create a fair and transparent examination process that accurately assesses students' knowledge and skills. We strive to ensure that our examinations are aligned with the curriculum and reflect the learning objectives of each course".

"We also work to ensure that the grading process is objective and consistent and that students receive timely. To achieve these goals, we are constantly exploring new and innovative ways to enhance our examination process through Automation. We are embracing technology to in-house software for improving the efficiency and effectiveness of our operations, while also ensuring that we maintain the standards of security and confidentiality. We recognize that the examinations period can be a stressful time for students, and we are committed to provide exam related services online. We encourage students to reach out to us if they have any questions or concerns about the examination process, and we will work with them to address any issues that arise. Finally, we would like to remind all students of the University the importance of academic integrity. Malpractices, plagiarism, and other forms of academic dishonesty undermine the integrity of the academic process and devalue the hard work of those who have earned their grades through honest effort. We expect all students to uphold the highest standards of academic integrity, and we will take appropriate action against any violations of our policies. Thank you for your cooperation and support, and we look forward to another successful academic year ".

After the results declaration, within one week the students can apply for recounting (RC)/revaluation (RV) through online, if the student is not satisfied with the acquired results. Around 10% of total students applied for RC/RV and the grade change observed is less than one percent for this academic year.

2.8   Challenge Valuation Analysis

Challenge Valuation (CV): After the re-valuation, if the student is not satisfied with the marks awarded, the university examination branch has given the opportunity to the student to apply for CV**. In this process, two examiners will be appointed one is appointed by the university controller of examinations and the second examiner is nominated by the college, where student has studied the course. Also, the student parent will be present at the time challenging valuation. Initially they do independent valuation and then the discussion will be followed to finalize the marks by the student in that paper. Student will also be allowed to go through the answer script to see marks awarded and seek clarification if any, from the evaluators about his/her marks being awarded in that paper. A file consisting of marks awarded in challenge valuation will be submitted to the university officials for approval before publishing the result. This academic year 0.01% have applied for challenge valuation**.
