Join the JNTUH Innovation Foundation – Technology Business Incubator (JIFTBI) Family

JIFTBI has been setup with the support of Department of Science and Technology, Government of India. JIFTBI exists to create successful technology entrepreneurs by providing business incubation, advisory, mentorship and partnership support to selected startups. At JIFTBI we believe in creating opportunities that never existed before by empowering startups to innovate faster and introduce highly valued products and services into the market. With our startup ecosystem, we foster the participating startups to achieve greater results, that could transform our communities, industries, and nation.

We are looking for a motivated Leader, who could drive JIFTBI to achieve and exceed its goals and objectives. If you are passionate about helping budding entrepreneurs and nurturing them to grow to greater heights and be part of their success story. If you are motivated to participate in Growth and development of our nation and would like to make real impact on the ground to achieve these ambitious goals, you are the right candidate for this Role: **Chief Executive Officer of JIFTBI.**

Job Description - Incubation Program Manager

About JNTUH NIDHI TBI Association

TBI JNTUH is the incubation and acceleration arm of JNTUH set up in collaboration with the DST NIDHI, TBI. The objective of JNTUH NIDHI TBI is to nurture innovative startups by guiding them to become saleable and sustainable enterprises by leveraging the vast resources, expertise and networks of JNTUH through mentorship, education and investor connect.

Located within the JNTUH, Campus, TBI is a bustling incubation hub that will host ambitious entrepreneurs from JNTUH community and elsewhere.

We are seeking an enthusiastic individual for the new position of Incubation Program Manager. The primary responsibility of this position is to design, lead, manage, and market the JNTUH NIDHI TBI Incubation Programme and act as a sole owner of the assigned Program running at TBI-JNTUH.

Some of The Specific Responsibilities Include:

- Work closely with the CEO to design, develop and run Incubation / Acceleration program.
- Develop and execute strategy for outreach, scouting, evaluating, selection and on-boarding of quality and innovative startups.
- Own, develop, and execute a rolling calendar of operational and engagement strategy for the entire community, both internally and externally, including - donors, startups, investors, incubators, institutes, corporates, mentors, advisors, and domain experts.
- Good understanding and access to the entrepreneurship ecosystem to provide high-quality mentor and advisory support to entrepreneurs.
- Manage the day- to- day interaction with the Incubatees and provide continued strategic guidance to entrepreneurs in areas such as business modelling, sales, and marketing, financing, fundraising, overall strategy, operations etc.
- Responsible for gathering relevant information for any grant reporting and preparing and submitting grant reports where required.
- Provide information for management reporting and prepare reports as necessary.
- Perform as a liaison between the clients, businesses and the incubator throughout the region.

Skills and Qualifications

- Masters or bachelor's degree with min 5-7 years of experience. **Engineering Degree is desirable.**
- At least 3-5 years of experience working with entrepreneurs, startups, incubators.
- Possess skills required to manage Incubator/Incubate relationships including structural and operational procedures.
- Experience in being part of a growing company management team.
- Requisite network in the entrepreneurial ecosystem.
- Evidence of strong organizational, interpersonal and communications skills.
- Ability to work with diverse groups including businesses, entrepreneurs, major corporations, universities, the public and economic development organizations.

Note: Selected Candidate continues to work for a minimum period of 1 Year and Notice period shall be 3 Months.
