Associate Professor of CSE, School Of IT, JNTUH  
Cell: 9440086956, Email: [umarani@jntuh.ac.in](mailto:umarani@jntuh.ac.in)

## **A Two Day Workshop on “CYBER SECURITY”**

**29<sup>th</sup> & 30<sup>th</sup> January, 2021**

**Organized by**

**SCHOOL OF INFORMATION TECHNOLOGY**

**JNTU University Hyderabad**

**(Under TEQIP - III)**

## About JNTUH

Jawaharlal Nehru Technological University, Hyderabad was established on 2 October 1972 by the Legislature of the State of Andhra Pradesh as the first-ever Technological University in the country. It has been in the forefront more than four decades and above in providing quality technical education. JNT University was restructured into four different Universities namely JNT University Hyderabad, JNT University Anantapur, JNT University Kakinada and JNFAU by the Government of Andhra Pradesh vide Government Order No. 13, dated 18 August 2008 and the Act of State Legislature No. 30, dated September 2008. From then, this university was re-designated as Jawaharlal Nehru Technological University Hyderabad (JNTUH), Hyderabad. Situated in the heart of the city at Kukatpally, Hyderabad a major landmark- JNTUH has an environment of academic excellence with 'A' Grade accreditation by NAAC (National Assessment and Accreditation Council).

## About School of IT, JNTUH

JNTU Hyderabad established a Computer Center in 1985 with the support from UGC to cater to the needs of computing of various departments. In 1989, to promote Post Graduate studies, a Department of Computer Science was started under IPGSR (Institute of Post Graduate Studies & Research). In early 2001 the impact of Information Technology was felt in every corner of the globe. This led to the formulation of an exclusive institute for Computer Science and Information Technology, the present School of Information Technology (SIT), with a vision to promote Knowledge and Technology transfer in Information and communication technology related areas promoting excellence in IT Pedagogy, Software Consultancy, and establishment of an R & D base in Computer Science and IT related education sectors are the aims of the school.

## About TEQIP-III

Third phase of Technical Education Quality Improvement Programme (referred to as TEQIP III) is fully integrated with the twelfth five-year plan objectives for technical education as a key component for improving the quality of engineering education in existing Institutions with a special consideration for low income states and special category states and support to strengthen few affiliated technical universities to improve their policy, academic and management practices.

## About the Workshop

Cyber attacks are an increasingly sophisticated and evolving danger to our sensitive data, as attackers employ new methods powered by social engineering and artificial intelligence to circumvent traditional security controls. In the Covid-19 , many people are using the cyber space and this is leading to more cyber attacks. Cybersecurity is the state or process of protecting and recovering computer systems, networks, devices, and programs from any type of cyber attack. The purpose of the cybersecurity workshop is to provide awareness on cyber crimes, cyber attacks and its countermeasures.

Topics: Cyber crimes, Cyber Attacks, Cyber Forensics, Counter Measures, Cyber Laws, etc..
