SCHOOL OF CONTINUING AND DISTANCE EDUCATION (SCDE)
JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD
(Established by Govt. Act No. 30 of 2008)
Kukatpally, Hyderabad, Telangana (State), INDIA - 500085

Programme Title	Data Science with Python Programming
Programme Dates	19-09-2022 - 31-03-2023
Participant Program Feedback	

S.No	Participant Name	College	State	Feedback	Suggestion
1	Pendyala Phani Srinivas	JNTUH	Telangana	Great learning. Very good faculties. Its really helps to my career growth.	no need .
2	Mohammed Aijaz Ahmed	JNTUH		had been a great experience and a journey to learn new skills	let us have the access to the recording of classes so that we can look when ever requried
3	J MAHITH SAI	JNTUH University College of Engineering Hyderabad	Andhra Pradesh	SCDE organized classes very well, the faculty was good	Exam portal should be improved
4	KODURU SESHA SAI SREYA	ST.ANN'S COLLEGE FOR WOMEN ((Autonomous), Affiliated To Osmania University)	Telangana	the course had given me additional skill and it was a lot to learn.	it would be good if the time schedule is fixed .
5	KOTHAKAPU SOWMYA	JNTUH	Telangana	HI Team, This Online course program was fantastic idea and the course was really helpful for me. The staff was very good in explaining all concepts in easy and simpler way, that really made us to learn quickly. Getting the new coming courses in online way is very helpful for both working and non-working and also for professionals who are looking for up-skilling their career. Thanks, JNTU-HYD	would be better if sticked to fixed staff, because for one concept there were like almost 4-5 teachers changed..
6	Annaparthi Sree divya	Malla Reddy Engineering college	Telangana	It was very nice ,i learned a lot	Machine learning and deep learning should have more pratcial classes
7	YAMJALA MAHATHI	Osmania University	Telangana	It's good	No, all good
8	SuryaKoushik Reddy Narra	JNTU, Hyderabad	Telangana	incredible course	the lectures should be as planned

9	MD HAMEEDUDDIN	Amazon	Telangana	My gratitude to you for all you have done, which I will never forget. I truly appreciate you and your time you spent helping me in many occasions. Thank you very much for the course. I enjoyed every minute of your lecture as well as your marvelous sense of humor.	No suggestions
10	RAMANENI SRIDHAR NAIDU	MLR Institution of technology	Telangana	The course was well organized, starting with the basics, also the teacher's explanation was good, especially Ganapathi Raju sir. The online platform for the course was easy to use. It was nice to connect with other people who were learning data science. I would recommend this course to anyone who wants to learn data science. Thank You.	The course would be better if the interaction is more between the teacher (mentor) and students.
11	Neha Shri Meka	JNTUH		It was very interesting to learn new things.	Nothing
12	MOHAMMAD YACUB	SIR C R REDDY AUTONOMUS COLLEGE	Andhra Pradesh	I have learned the best topics and it is useful for me	No comments
13	U VIJAY	IT	Telangana	Thank you	Na
14	Tulasi Pudi	Jntu	Maharashtra	I have enrolled in this program to enhance my technical skills to be on par with current trends. I have opted for JNTU as it is very highly esteemed University. Right from the announcement of the program , we have been well intimated about the sessions and their schedule and faculty too. Faculty is very good and has provided us with detailed and important technical aspects. Especially Ganapathi Raju sir and Mohan sir who are very elobarative and provided us with best examples for the respective topics. Our special thanks to Mr. Venugopal sir who is the anchor for this program. He has organised this programme very efficiently and has put in lot of efforts to well organise this program. Thank you SCDE team for coming up with this kind of course which will help us in thriving in our careers.	Every thing is very good. One aspect that can be improved is to organise these courses in step wise process. Like python in first term. And then ML, NLP etc. People who have enough knowledge in python can skip that term and vice versa. Otherwise this is very well organised course.
15	THATI AHLADHA	svs group of institutions	Telangana	I am happy and satisfied by the overall subjects.	There are too many sirs for the modules and some of the modules were repeatedly taught. Also the subjects i felt little difficult as they were fast.
16	Prasanthi Kurapati	Banking		Very beneficial course	Certificate awarding could be faster

17	GUMMADAVELLI BHAVANI SHANKAR	JNTUH		I recently completed the Data Science with Python Programming course from SCDE, JNTUH. Overall, I was very impressed with the course. Instructors were knowledgeable and helpful. Here are some specific things that I liked about the course: The course was broken down into manageable modules, and each module was well-structured with clear learning objectives. The instructors were knowledgeable and helpful. The instructors were all experienced data scientists with a wealth of knowledge to share. They were also very helpful and responsive to student questions. The hands-on projects were a great way to put what I was learning into practice. The projects were challenging but rewarding, and they helped me to build my skills and confidence in using Python for data science.	Offer more opportunities for peer-to-peer collaboration. The course could benefit from more opportunities for students to collaborate with each other on projects. This would help students to learn from each other and to get different perspectives on the material. Provide more resources for students who are struggling. The course could provide more resources for students who are struggling with the material. This could include providing additional practice problems, offering tutoring sessions, or creating a forum where students can ask questions and get help from each other. Introduce live coding and instructor-led projects Regularly update the instructor's ppt's in the scde portal Give lifetime access to course material
18	DANDE RAJU	GREENFIELDS ENGINEERS TECHNOLOGICAL SOLUTIONS - GESTS	Telangana	Dear Sir(s), It has been a great course from JNTUH (SCDE) right from design, implementation and course completion. I would like to thank co-ordinator, facilitating our needs during the course duration. Also like to thank all, i.e, The Director, Registrar, professors, guide, teaching team for sharing insights, depths of DS conducting after office hour's time. Also, want to thank IT team for providing the recorded classes viewable.	These are my suggestions as per applicability / for improvement may be considered: 1. The exam link had some issues - like ISP providers were blocking the link and may be for next batch, please allow students to check one day in advance for such issues do not creep at last minute tension. 2. May be professors be limited to few (I can not suggest number) per subject, we as learners gain momentum from professors approach for subject approach. I really appreciate getting so many of them on board would have been variety vs nightmare. Thank you Sir(s) SCDE. 3. Online classes be made available for us all time for ready reference or ONE year from now. It would be a great help for us to launch using DS course opportunities.

19	BOLLEPALLI KIRANKUMAR	BANDARI SRINIVAS INSTITUTE OF TCHNOLOGY	Telangana	Nice session and i very much thank to all .	Request you to improve for non cse students also .
20	Dr.G.Sucharitha	Institute of Aeronautical Engineering	Telangana	Good	na
21	Gunda Rohith	JNTUH	Telangana	Good but including pratical session is must and those are lacking .Inspite of that everything is fine.	Just include practical sessions
22	Sumanka Srivani Goli	JNTUH		EXCELLENT	NONE
23	VEMULA ANIL	JNTUH		School of continuing and distance education with the course of data science python programming explains about different ML algorithms well and good.	Totally good
24	Dhenuvakonda Lakshmi Bhavani	Vasavi College of Engineering, Hyderabad	Telangana	Good	More examples
25	Srikanth Bommakanti	IT	Telangana	n/a	n/a
26	varsha sudhakar	G. Narayanamma Institute Of Technology and Science for Women	Telangana	It was great learning about new concepts from SCDE,JNTUH, the way the faculty taught us was clearly understood and taught. Thanks to SCDE,JNTUH for providing us such a great opportunity.	No suggestions.
27	NALLA SAI KRISHNA REDDY	JNTUH	Telangana	Good	.
28	Neeli Venkata Siva	JNTU Hyderabad	Andhra Pradesh	It was nice program. Kindly give access to videos for more time.	Need more focus on big data part.
29	Lakshmi Kameshwari Mosaliganti	JNTUH		It is really a knowledge gaining sessions and we learnt so much from these classes and it is very helpful	No suggestions
30	Radhika Perumal	SCDE JNTUH	Andhra Pradesh	The SCDE organized DSPP course was excellent, and the entire staff was very supportive. Professor Venu garu took on the challenge of communicating with all the students throughout the sessions and submissions. The hard work of Team SCDE behind this was greatly appreciated. Highly recommended!	All the professors have done a good job.
31	JEELIGAM VENKATESH	JNTUH		Good tutors with all techinical resources makes the program u Paralleled. Thanks to Faculty & Venugopal garu. Thanks, JVenkatesh	Na
32	FARHEEN SULTANA	JNTU	Telangana	Thank you	Thank you
33	Ganga Raju Saladi	JNTUH SCDE	Telangana	It was a good programme	Real-time exposures have to be added more
34	ADIMULAPU RUTHVIK	SCDE		It was good but the switching of the professorâ[][]s is not done well.some are good and some are not understandable at all	Fix professor
35	Thulasi M	JNTUH	Telangana	The course is very useful.	More Practical sessions to be incorporated in future.

36	UPPU SUSHEEL KUMAR	JNTUH		I was great learning	None
37	POTUPALLY SURYAKANTH	JNTUH	Telangana	These course very good and teached by good faculty and good explantion thank you sir	Very good and improve something better
38	Sampangi Sumalatha	JNTUH		It's very good course for who has got gap in their carrier. Supporting team was very good.And subject professor's are very encouraging	Please give the course details before class start .and please maintain the teaching order.
39	MOHAMMED ABDUL RIZWAN	MALLA RADDY COLLEGE OF ENGINEERING/JNTUH	Telangana	Thank you very much! Exactly what I wanted""I really enjoyed it. The skills from this course will be really valuable "Thank you for a fantastic course" "Thank you so much for this helpful and beautiful course! Very nice that I could be part of this course."	"It is a top quality course. Keep going, we need this type of course to improve our studies. Excellent. Thank you!!" "Well done. Good course. I really enjoyed this class and the format it was presented in. For me, I learn and retain much more through an online class the point is classes should not be postpone to next day because many are students and worker here,so they have to maintain the time overall point of view is too good keep it up and looking forward for more useful skill from scde thank you so much
40	NAGARAJU BOTTU	ELLENKI	Andhra Pradesh	It was a great experience and all staff specially venu gopal sir and Ganapathi Raju garu the way he reached it was really great to have his lectures.one suggestion from my end more practicals while doing classes	Kindly arrange more practical examples which conducting classes
41	Mohammed Abdul Wasay	Distance Education	Telangana	It was a really good experience and teachers were really good and they have answered all queries ver well.	not really everything was good

| 42 | Nagendra Mangali | TEKSystems pvt ltd | Karnataka | Below are my ratings for each of the subjects. Python: Excellent ML: Good DL: Excellent NLP: Good BigData: Not Good. As per my experience, Overall program is very good. Thanks a lot for giving me the opportunity to learn DSPP. I really appreciate your initiative to provide opportunity for students to upgrade their skills on latest technologies. Course fee is also very less compared to outside organisations. Thank you very much. | Big data teaching was very bad. The male professor who was teaching was not upto the mark. He was simply wasting our time during sessions. Expecting responses from participants for every question may not work in online classes. The lady professors who taught were very good, but they took very few sessions. I understand, you were trying to give basic idea on BigData but In my opinion, you could have avoided BigData subject in the syllabus as it is a very big subject to teach within short duration. Instead of that we could have spent more time on ML,DL & NLP. I felt like not all ML algorithms were taught in detail. Many algorithms were just showcased using coding and not explained the way those algorithms works internally. Which is very important to know because in the interviews they will ask that only not the coding. Ganapathi Raju sir taught Python & basic ML & basic NLP algorithms very well. I appreciate his command over the session and participants. But he was afraid to go in depth teachings on complex algorithms. Mohan sir's teaching was excellent. He taught DL algorithms very well. Sai sir's case studies were also very good. Thanks Again. |
| 43 | Radhika M S | JNTUH | | Good | Good |

44	ERRUM SANTHOSH	FORTUNAPIX PVT.LTD	Telangana	Dear Sir/ Madam! The Data science with python programming course is very good. The subjects content with this course is good and will be useful to every student whether the student is working or not working. In future there is a scope to get a job on this domain definitely. Now a days getting the job on any domain is very difficult. but data science is very fast growing technology and everyone will get the job for sure after getting the Data science certificate. because this JNTU providing certificate is worth and valuable. Coming to professors who ever taught the entire course are good and organized well. Thanks to SCDE, JNTUH for providing the course. Regards, ERRUM.SANTHOSH	My suggestion is, for each subject arrange the one professor. so that student can easily understand the classes. Coming to Video classes, there is no download option or permanent access to students. so here my question is, if student want to revision the subject how they can listen the classes? i asked jntu administration regarding this issue earlier, but they told me, its not possible. my question is how many months we can able to watch and listen the classes for revision? now i am able to listening the classes. please let me know, regarding this issue. Thanks!
45	NANDIPATI DHARMA TEJA	JNTU	Telangana	I appreciate the professors for the outstanding mentoring.The lectures and the provided materials are excellent. Thank you for giving me this wonderful opportunity to earn this certificate. The entire course was very well organised.	All good.Keep going.
46	DHATHRI GUTTA	Persistent systems Ltd./ IT	Telangana	Thanks for giving such a wonderful opportunity.	Need to plan total course before start then it will go smooth manner.
47	Syed Wajid Ali	JNTUH		You are a great instructor: organized, responsive, patient and able to clearly explain complex topics and nuances. Words are powerless to express my gratitude to you. I thank you from the bottom of my heart for never letting me down. My gratitude to you for all you have done, which I will never forget.	nothing
48	KOTAKONDA ASHA JYOTHI	JNTUH		Excellent	No suggestions
